

STANDARD SPECIFICATIONS

The 2015 Oregon Standard Specifications for Construction (Oregon Specifications) and the City of Eugene Standard Drawings, in effect as of February 17, 2016, both as revised by Amendment #1 and #2 have been adopted as the Standard Specifications and Standard Drawings for the City of Eugene in accordance with City Code section 7.085. Amendment #1 and #2 are hereby made a part of the Standard Specifications and Standard Drawings of the City of Eugene as fully and completely as if it were set forth therein. The Standard Specifications, Standard Drawings and all Amendments may be examined at the Engineering office located at 99 E. Broadway, Suite 400, Eugene OR 97401 and on-line at www.eugene-or.gov/standardspecs.

SUPPLEMENTAL SPECIFICATIONS

The section, subsection and drawing numbers of the Supplemental Specifications correlate to the section and subsection numbers of the 2015 Oregon Standard Specifications and Standard Drawings.

00280.72 Sawcut Waste Removal & Disposal

(DELETE) The entire subsection

(ADD) **00280.72 Sawcut Waste Removal & Disposal** – All waste generated from saw cutting and core drilling shall be vacuumed immediately behind the saw cutting and core drilling operation and disposed of according to 0290.20, except waste generated from dry circle cutting for utility structure adjustments. Waste generated from dry circle cutting shall be broomed into the cut until the cut is filled and then the remainder of the waste shall be swept up, removed and disposed of according to 0290.20.

00440.40(e) Curing

(REPLACE) The table of curing compounds with the following:

Section	Item	Type 1 or 1-D (Clear)	Type 2 (White-Pigmented)
00480	drainage curbs	Yes	No
00599	slope paving curbs and berm paving	Yes	No
00759	walks, sidewalk ramps, driveways, surfacings, curbs and islands	Yes	No

00744.90 Payment

(ADD) To the bulleted list at the end of the sub-section under, "No separate or additional payment will be made for:"

- Emulsified Asphalt Fog Seal
- Joint Sealing

00748.44 Asphalt Concrete

(DELETE) Last sentence of the paragraph.

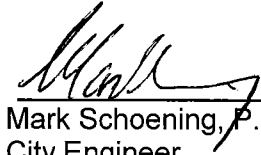

(ADD) Construct ACP according to 00744.

01030.61(b) All Other Seeding

(REPLACE) The bullets with the following:

- If the area was seeded during the permanent seeding dates and all establishment responsibilities have been met, the seeding establishment period will end upon meeting the coverage standards in 01030.60 and Third Notification is issued.
- If the original seeding construction is completed and accepted outside of the permanent seeding dates, the establishment period will end after all necessary reseeding is completed and accepted during the following season, all establishment responsibilities have been met, the coverage standards in 01030.60 are met, and Third Notification is issued.
